Subject: ONE-WAY COMMUNICATION

Dear Directors of the Board:

After much consideration, I have decided to resign my position as General Counsel to the Kensington Police Protection and Community Services District.

When I began my work with this community, in April of 2017, the District was at a major crossroads, both with respect to its internal structure and upcoming policy issues. I came out of retirement to help with the transitions, planning to stay only a year or two. I stayed longer because the District has been such a rewarding client. My tenure has seen a number of controversies, some of which became outright battles. But throughout, I have been consistently impressed by the work ethic and commitment of the Directors, past and current, and the passionate devotion of so many residents to their community.

I will remain available to provide legal advice until the District has retained a new General Counsel and to assist that new counsel with the transition as needed. I thank the Board for the opportunity to serve and the District's fantastic staff for all of their support.

All the best,

Ann
