INDEPENDENT AUDITORS' REPORT

Board of Directors Kensington Police Protection and Community Services District Kensington, California

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and the general fund of Kensington Police Protection and Community Services District (District) as of and for the fiscal year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the general fund, of the District as of June 30, 2021, and the respective changes in financial position for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, schedule of proportionate share of the net pension liability, schedule of pension contributions, schedule of changes in the District's net OPEB liability and related ratios, schedule of contributions – other post-employment benefits (OPEB) plan, and the notes to the required supplementary information be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Prior-Year Comparative Information

The financial statements include partial prior-year comparative information. Such information does not include sufficient detail to constitute a presentation in accordance with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with the District's financial statements for the year ended June 30, 2020, from which such partial information was derived.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued a separate report dated May 31, 2022, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Management's Discussion and Analysis (Unaudited) For the Fiscal Year Ended June 30, 2021

Management's Discussion and Analysis (MD&A) offers readers of Kensington Police Protection and Community Services District's financial statements a narrative overview of the District's financial activities for the fiscal year ended June 30, 2021. This MD&A presents financial highlights, an overview of the accompanying financial statements, an analysis of net position and results of operations, a current-to prior year analysis, a discussion on restrictions, commitments and limitations, and a discussion of significant activity involving capital assets and long-term debt. Please read in conjunction with the financial statements, which follow this section.

FINANCIAL HIGHLIGHTS

- The District's net position increased \$1,288,920 or 100.06% as a result of this year's operations.
- Total revenues from all sources increased \$219,279 or 6.16%, from \$3,556,875 to \$3,776,154, from the prior year, primarily due to an increase of \$95,399 in property taxes received, as well as a \$119,057 operating transfer in from the closeout of the Fiduciary Fund.
- Total expenses for the District's operations decreased by \$1,171,162 or 32.01%, from \$3,658,396 to \$2,487,234, from the prior year, primarily due to large decreases in non-cash employee benefit expenses as a result of the districts reductions in pension and OPEB liabilities.
- The District purchased new capital assets during the year in the amount of \$372,687. Depreciation expense was \$140,142.

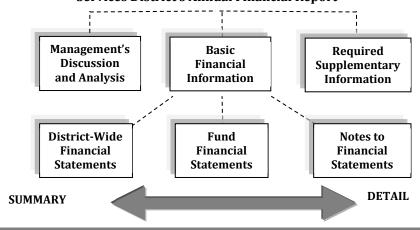

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of three parts – management discussion and analysis (this section), the basic financial statements, and required supplementary information. The basic financial statements include two kinds of statements that present different views of the District:

- District-wide financial statements provide both short-term and long-term information about the District's overall financial status.
- Fund financial statements focus on individual parts of the District, reporting the District's operations in more detail than the district-wide statements.
 - The *governmental funds* statements tell how basic services were financed in the short term as well as what remains for future spending.

Figure A-1. Organization of Kensington Police Protection and Community Services District's Annual Financial Report

The financial statements also include *notes* that explain some of the information in the statements and provide more detailed data. Figure A-1 shows how the various parts of this annual report are arranged and related to one another.

Management's Discussion and Analysis (Unaudited) For the Fiscal Year Ended June 30, 2021

OVERVIEW OF THE FINANCIAL STATEMENTS (continued)

Figure A-2 summarizes the major features of the District's financial statements, including the portion of the District's activities they cover and the types of information they contain.

Figure A-2. Major Features of the District-Wide and Fund Financial Statements

Type of Statements	District-Wide	Governmental Funds	Fiduciary Fund
Scope	Entire District	The activities of the District that are not proprietary or fiduciary, such as public safety services	Instances in which the District administers resources on behalf of someone else, such as retirement benefits
Required financial statements	 Statement of Net Position Statement of Activities 	 Balance Sheet Statement of Revenues, Expenditures & Changes in Fund Balances 	 Statement of Fiduciary Net Position Statement of Changes in Fiduciary Net Position
Accounting basis and measurement focus	Accrual accounting and economic resources focus	Modified accrual accounting and current financial resources focus	Accrual accounting and economic resources focus
Type of asset/liability information	All assets and liabilities, both financial and capital, short-term and longterm	Only assets expected to be used up and liabilities that come due during the year or soon thereafter; no capital assets included	All assets and liabilities, both short-term and long-term; The District's funds do not currently contain nonfinancial assets, though they can
Type of inflow/outflow information	All revenues and expenses during year, regardless of when cash is received or paid	Revenues for which cash is received during or soon after the end of the year; expenditures when goods or services have been received and payment is due during the year or soon thereafter	All revenues and expenses during the year, regardless of when cash is received or paid

The remainder of this overview section of management's discussion and analysis highlights the structure and contents of each of the statements.

Management's Discussion and Analysis (Unaudited) For the Fiscal Year Ended June 30, 2021

OVERVIEW OF THE FINANCIAL STATEMENTS (continued)

District-Wide Statements

The district-wide statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The Statement of Net Position includes all of the District's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two district-wide statements report the District's net position and how it has changed. Net position – the difference between the District's assets and deferred outflows of resources and liabilities and deferred inflows of resources – is one way to measure the District's financial health, or *position*.

- Over time, increases and decreases in the District's net position are an indicator of whether its financial position is improving or deteriorating, respectively.
- To assess the overall health of the District, you need to consider additional nonfinancial factors such as changes in the District's demographics and the condition of buildings and other facilities.
- In the district-wide financial statements, the District's activities are categorized as *Governmental Activities*. Most of the District's basic services are included here, such as weed abatement, landscape maintenance, and administration. State and local programs finance most of these activities.

Fund Financial Statements

The fund financial statements provide more detailed information about the District's most significant funds – not the District as a whole. Funds are accounting devices the District uses to keep track of specific sources of funding and spending on particular programs. Some funds are required by State law and by granter requirements.

Management's Discussion and Analysis (Unaudited) For the Fiscal Year Ended June 30, 2021

FINANCIAL ANALYSIS AND CONDENSED FINANCIAL INFORMATION

Analysis of Net Position

Table A-1: Condensed Statement of Net Position

	June 30, 2021	June 30, 2020	Change
Assets:			
Current assets	\$ 2,293,417	\$ 2,232,816	\$ 60,601
Non-current assets	16,983	-	16,983
Capital assets, net	5,626,907	5,394,362	232,545
Total assets	7,937,307	7,627,178	310,129
Deferred outflows of resources	3,581,136	5,681,318	(2,100,182)
Liabilities:			
Current liabilities	299,569	285,409	14,160
Non-current liabilities	5,189,917	11,119,527	(5,929,610)
Total liabilities	5,489,486	11,404,936	(5,915,450)
Deferred inflows of resources	3,451,885	615,408	2,836,477
Net position:			
Net investment in capital assets	5,248,560	5,165,379	83,181
Unrestricted	(2,671,488)	(3,877,227)	1,205,739
Total net position	\$ 2,577,072	\$ 1,288,152	\$ 1,288,920

At the end of fiscal year 2021, the District shows a positive balance overall for its net position of \$2,577,072. The increase of the net investment in capital assets represents the amount of capital asset additions over depreciation expense, along with an increase in capital related financing. Unrestricted net position increased due to the utilization of \$1,238,245 less in funds for the purchase of capital assets, compared with fiscal year 2020.

Analysis of Revenues and Expenses

Table A-2: Condensed Statements of Activities

	June 30, 2021	June 30, 2020	Change
Program revenues	\$ 1,544,610	\$ 1,501,511	\$ 43,099
Expenses	(2,487,234)	(3,658,396)	1,171,162
Net program expense	(942,624)	(2,156,885)	1,214,261
General revenues	2,231,544	2,055,364	176,180
Change in net position	1,288,920	(101,521)	1,390,441
Net position:			
Beginning of year	1,288,152	1,389,673	(101,521)
End of year	\$ 2,577,072	\$ 1,288,152	\$ 1,288,920

Management's Discussion and Analysis (Unaudited) For the Fiscal Year Ended June 30, 2021

FINANCIAL ANALYSIS AND CONDENSED FINANCIAL INFORMATION (continued)

Analysis of Revenues and Expenses (continued)

The statement of activities shows how the government's net position changed during the fiscal year. In the case of the District, the operations of the District increased its net position by \$1,288,920.

Table A-3: Total Revenues

					Iı	ncrease

Total expenses	\$ 2,487,234	\$ 3,658,396	\$ (1,171,162)

Management's Discussion and Analysis (Unaudited) For the Fiscal Year Ended June 30, 2021

FINANCIAL ANALYSIS AND CONDENSED FINANCIAL INFORMATION (continued)

Analysis of Revenues and Expenses (continued)

Total expenses for the District's operations decreased by \$1,171,162 or 32.01%, from \$3,658,396 to \$2,487,234, from the prior year, primarily due to large non-cash decreases in employee benefit expense as a result of the districts reductions in pension and OPEB liabilities.

FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

The financial performance of the District as a whole is reflected in its governmental funds as well. As the District completed this year, its governmental funds reported a fund balance of \$2,231,448, which is above last year's ending fund balance of \$2,170,875. The primary cause of the increased fund balance is due to a reduction in total expenditures related to post-employment benefits and capital outlay.

General Fund Budgetary Highlights

The final budgeted expenditures for the District at year-end were \$440,937 less than actual. The variance is principally due to the \$327,571 increase in capital outlay expenditures. Actual revenues were greater than the anticipated budget by \$128,540, primarily because of increased property tax revenues provided.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

By the end of 2020-21 the District had invested \$372,687 in new capital assets, related to building improvements and equipment purchases. (More detailed information about capital assets can be found in Note 3 to the financial statements). Total depreciation expense for the year was \$140,142.

Table A-5: Capital Assets at Year End, Net of Depreciation

	Balance	Balance
	June 30, 2021	June 30, 2020
Capital assets:		
Non-depreciable assets	\$ 2,808,347	\$ 2,808,347

Management's Discussion and Analysis (Unaudited) For the Fiscal Year Ended June 30, 2021

CAPITAL ASSET AND DEBT ADMINISTRATION (continued)

Long-term Debt

Capital related debt was being repaid in fiscal year 2020-21. (See note 5 for further information)

Table A-6: Long-term Debt at Year End

	Balance June 30, 2021			
Long-term debt:				
Loan payable	\$	207,168	\$	228,983
Capital lease Payable		171,179		-
Total long-term debt	\$	378,347	\$	228,983

FACTORS AFFECTING CURRENT FINANCIAL POSITION

Management is unaware of any item that would affect the current financial position.

ONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

The District's basic financial statements are designed to present users with a general overview of the District's finances and to demonstrate the District's accountability. If you have any questions about the report or need additional information, please contact the District's General Manager at 217 Arlington Avenue, Kensington, CA 94707 or (510) 526-4141.

Notes to Financial Statements June 30, 2021

NOTE 1 – DESCRIPTION OF ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

A. Description of Organization

The Kensington Police Protection and Community Services District (District) provides police protection services, parks and recreation services as well as waste management services to the unincorporated area of Kensington in Contra Costa County, California. The District is governed by five unpaid board members elected into office by the community to serve staggered four-year terms. Board meetings are held once a month on the second Thursday of the month.

B. Reporting Entity

A reporting entity is comprised of the primary government, component units, and other organizations that are included to ensure the financial statements are not misleading. The primary government of the District consists of all funds, departments, and agencies that are not legally separate from the District.

Component units are legally separate organizations for which the District is financially accountable. Component units may also include organizations that are fiscally dependent on the District, in that the District approves their budget, the issuance of their debt or the levying of their taxes. In addition, component units are other legally separate organizations for which the District is not financially accountable but the nature and significance of the organization's relationship with the District is such that exclusion would cause the District's financial statements to be misleading or incomplete.

The District has identified no organizations that are required to be reported as component units.

C. Basis of Presentation, Basis of Accounting

1. Basis of Presentation

Government-Wide Financial Statements

The statement of net position and the statement of activities display information about the primary government (the District) and its component units. These statements include the financial activities of the overall government. Eliminations have been made to minimize the double-counting of internal activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange transactions.

The statement of activities presents a comparison between direct expenses and program revenues for each function of the District's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Governmental Funds

The District maintains the following governmental funds:

General Fund: This fund is used to account for all financial resources of the District except those required to be accounted for in another fund. Included are transactions for charges for services, property taxes, and investment earnings. The general fund balance is available to the District for any purpose provided it is expended.

Notes to Financial Statements June 30, 2021

NOTE 1 - DESCRIPTION OF ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES (continued)

C. Basis of Presentation, Basis of Accounting (continued)

1. Basis of Presentation (continued)

Governmental Funds (continued)

Fiduciary Fund: The Kensington Park Reassessment District 2004-1 Bond Trust Fund, issued in June 2004 in defeasance of the 1994 special assessment bonds, has been determined to be an agency fund since the District is not obligated to repay the debt. (See Note 7)

2. Measurement Focus, Basis of Accounting

Government-Wide Financial Statements

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Nonexchange transactions, in which the District gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, entitlements, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental Fund Financial Statements

Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. Capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and financing from capital leases are reported as other financing sources.

3. Revenues - Exchange and Non-Exchange Transactions

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year. Generally, available is defined as collectible within 60 days.

Non-exchange transactions, in which the District receives value without directly giving equal value in return, include property taxes, certain grants, entitlements, and donations. Revenue from property taxes is recognized in the fiscal year in which the taxes are received. Revenue from certain grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include time and purpose requirements. On a modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

Notes to Financial Statements June 30, 2021

NOTE 1 - DESCRIPTION OF ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES (continued)

D. Budgetary Data

The District follows these procedures in establishing budgetary date reflected in the Required Supplementary Information – Budgetary Comparison Schedule:

The District Manager submits to the Board of Directors a proposed operating budget at the May Board meeting for the ensuing year. The annual budget is a complete financial plan for the ensuing budget year and consists of an operating, capital and debt repayment budget. The General Fund is the only fund for which an annual budget is legally adopted on a basis consistent with the modified accrual basis of accounting. The Board then considers the proposed budget at its regular meeting in June, which is open to the public. The budget represented in the required supplementary information was the final budget for the fiscal year.

E. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Net Position

1. Cash and Cash Equivalents

For purposes of the statement of cash flows, the District considers all highly liquid investments with a maturity of three months or less, when purchased, to be cash equivalents. Cash deposits are reported at carrying amount, which reasonably estimates fair value.

2. Investments

Investments are reported at fair value except for short-term investments, which are reported at cost, which approximates fair value. Cash deposits are reported at carrying amount, which reasonably estimates fair value. Investments in governmental investment pools are reported at fair value based on the fair value per share of the pool's underlying portfolio.

In accordance with fair value measurements, the District categorizes its assets and liabilities measured at fair value into a three-level hierarchy based on the priority of the inputs to the valuation technique used to determine fair value. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

If the inputs used in the determination of the fair value measurement fall within different levels of the hierarchy, the categorization is based on the lowest level input that is significant to the fair value measurement.

Financial assets and liabilities recorded on the balance sheet are categorized based on the inputs to the valuation techniques as follows:

Level 1 – Inputs that reflect unadjusted quoted prices in active markets for identical investments, such as stocks, corporate and government bonds. The District has the ability to access the holding and quoted prices as of the measurement date.

Level 2 – Inputs, other than quoted prices, that are observable for the asset or liability either directly or indirectly, including inputs from markets that are not considered to be active.

Level 3 – Inputs that are unobservable. Unobservable inputs reflect the District's own assumptions about the factors market participants would use in pricing an investment, and is based on the best information available in the circumstances.

Notes to Financial Statements June 30, 2021

NOTE 1 - DESCRIPTION OF ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES (continued)

E. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Net Position (continued)

3. Capital Assets

Capital assets are stated at cost or at their estimated fair value at date of donation. It is the District's policy to capitalize assets costing over \$5,000. The provision for depreciation is computed using the straight-line method over the estimated service lives of the capital assets.

Estimated service lives for the District's classes of assets are as follows:

Description	Estimated Lives
Buildings and improvements	10-30 years
Machinery and equipment	5-10 years
Furniture and office equipment	6 years
Vehicles	5 years

4. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position reports a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the statement of net position reports a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period and will not be recognized as an inflow of resources (revenue) until that time.

5. Compensated Absences

The liability for compensated absences reported in the government-wide statements consists of unpaid, accumulated vacation leave balances. The liability has been calculated using the vesting method, in which leave amounts for both employees who currently are eligible to receive termination payments and other employees who are expected to become eligible in the future to receive such payments upon termination are included.

6. Pensions

For purposes of measuring the net pension liability and deferred outflows/inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the District's California Public Employees' Retirement System (CalPERS) plan and addition to/deductions from the Plans fiduciary net position have been determined on the same basis as they are reported by CalPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

The following timeframes are used for pension reporting:

Valuation Date June 30, 2019 Measurement Date June 30, 2020 Measurement Period July 1, 2019 to June 30, 2020

Notes to Financial Statements June 30, 2021

NOTE 1 - DESCRIPTION OF ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES (continued)

E. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Net Position (continued)

6. Pensions (continued)

Gains and losses related to changes in total pension liability and fiduciary net position are recognized in pension expense systematically over time. The first amortized amounts are recognized in pension expense for the year the gain or loss occurs. The remaining amounts are categorized as deferred outflows and deferred inflows of resources related to pensions and are to be recognized in future pension expense. The amortization period differs depending on the source of the gain or loss. The difference between projected and actual earnings is amortized straight-line over 5 years. All other amounts are amortized straight-line over the average expected remaining service lives of all members that are provided with benefits (active, inactive and retires) as of the beginning of the measurement period.

7. Postemployment Benefits Other Than Pensions (OPEB)

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the District's Retiree Benefits Plan ("the Plan") and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by the Plan. For this purpose, the Plan recognizes benefit payments when due and payable in accordance with the benefit terms. Investments are reported at fair value, except for money market investments which are reported at cost.

The following timeframes are used for OPEB reporting:

Valuation Date June 30, 2018 Measurement Date June 30, 2020 Measurement Period July 1, 2019 to June 30, 2020

8. Net Position

Net position is classified into three components: investment in capital assets; restricted; and unrestricted. These classifications are defined as follows:

- **Net investment in capital assets** This component of net position consists of capital assets net of accumulated depreciation and reduced by the outstanding balances of any borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- **Unrestricted net position** This component of net position consists of net position that does not meet the definition of "net investment in capital assets" or "restricted".

Notes to Financial Statements June 30, 2021

NOTE 1 - DESCRIPTION OF ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES (continued)

E. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Net Position (continued)

9. Fund Balances

The fund balance for governmental funds is reported in classifications based on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent.

Nonspendable: Fund balance is reported as nonspendable when the resources cannot be spent because they are either in a nonspendable form or legally or contractually required to be maintained intact. Resources in nonspendable form include inventories and prepaid assets.

Assigned: Resources that are constrained by the District's intent to use them for a specific purpose, but are neither restricted nor committed, are reported as assigned fund balance. Intent may be expressed by either the Board, committees (such as budget or finance), or officials to which the Board has delegated authority.

Unassigned: Unassigned fund balance represents fund balance that has not been restricted, committed, or assigned and may be utilized by the District for any purpose. When expenditures are incurred, and both restricted and unrestricted resources are available, it is the District's policy to use restricted resources first, then unrestricted resources in the order of assigned, and then unassigned, as they are needed.

F. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reported period. Actual results could differ from those estimates.

G. Property Taxes

Property taxes attach as an enforceable lien on property as of January 1, each year. Secured property taxes are levied on July 1 and are payable in two installments, on December 10 and April 10. The Contra Costa County Assessor's Office assesses all real and personal property within the County each year. Property tax in California is levied in accordance with Article 13A of the State Constitution at one (1%) of countywide assessed valuations. The Contra Costa County Treasurer-Tax Collector's Office remits an undisclosed portion of the one (1%) current and delinquent property tax collections to the District throughout the year.

Notes to Financial Statements June 30, 2021

NOTE 2 - CASH AND INVESTMENTS

Cash and investments as of June 30, were classified on the statement of net position and statement of fiduciary net position as follows:

Description	Balance
Governmental funds: Cash and cash equivalents Fiduciary funds: Cash and cash equivalents	\$ 2,059,807
Total cash and cash equivalents	\$ 2,059,807

Cash and investments at June 30, 2021, are reported at fair value and consisted of the following:

Description	 Balance
Cash on hand	\$ 100
Demand deposits with financial institutions	20,309
Deposits with Contra Costa County Treasury Pool	469,163
Deposits with Local Agency Investment Fund (LAIF)	 1,570,235
Total cash and cash equivalents	\$ 2,059,807

Demand Deposits

At June 30, 2021, the carrying amount of the District's demand deposits was \$20,309 and the financial institutions balances totaled \$20,309.

Custodial Credit Risk - Deposits

Custodial credit risk is the risk that in the event of a bank failure, the Authority's deposits may not be returned to it. The District does not have a policy for custodial credit risk for deposits. Cash balances held in banks are insured up to \$250,000 by the Federal Depository Insurance Corporation (FDIC) and are collateralized by the respective financial institutions. In addition, the California Government Code requires that a financial institution secure deposits made by State or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under State law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool must equal at least 110 percent of the total amount deposited by the public agencies. California law also allows financial institutions to secure public deposits by pledging first trust deed mortgage notes having a value of 150 percent of the secured public deposits and letters of credit issued by the Federal Home Loan Bank of San Francisco having a value of 105 percent of the secured deposits.

Notes to Financial Statements June 30, 2021

NOTE 2 - CASH AND INVESTMENTS (continued)

Contra Costa County Treasury Pool

The District is a voluntary participant in the Contra Costa County Treasury Pool (Pool) pursuant to Government Code Section 53694. The cash flow needs of participants are monitored daily to ensure that sufficient liquidity is maintained to meet the needs of those participants. At the time deposits are made, the Contra Costa County Treasurer may require the depositing entity to provide annual cash flow projections or an anticipated withdrawal schedule for deposits in excess of \$1 million. Projections are performed no less than semi-annually. In accordance with Government Code Section 27136, all request for withdrawal of funds for the purpose of investing or deposits the funds elsewhere shall be evaluated to ensure the proposed withdrawal will not adversely affect the principal deposits of the other participants. Pool detail may be obtained from the Contra Costa County Treasurer-Tax Collector's office at 625 Court Street, Suite 100, Martinez, CA 94553.

The Contra Costa County Treasury Pool is not categorized under the fair value hierarchy established by GAAP as it is held at an amortized cost basis. For financial reporting purposes, the District considers the funds held in the Pool as cash equivalents due to their highly liquid nature and dollar-in dollar-out amortized cost methodology. As of June 30, 2021, the District held \$469,163 in the Pool.

Local Agency Investment Fund (LAIF)

The California State Treasurer, through the Pooled Money Investment Account (PMIA), invests taxpayers' money to manage the State's cash flow and strengthen the financial security of local governmental entities. PMIA policy sets as primary investment objectives safety, liquidity and yield. Through the PMIA, the Investment Division manages the Local Agency Investment Fund (LAIF). The LAIF allows cities, counties and special districts to place money in a major portfolio and, at no additional costs to taxpayers, use the expertise of Investment Division staff. Participating agencies can withdraw their funds from the LAIF at any time as LAIF is highly liquid and carries a dollar-in dollar-out amortized cost methodology.

The District is a voluntary participant in LAIF. The fair value of the District's investment in this pool is reported at an amount based upon the District's pro-rata share of the fair value provided by LAIF for the entire LAIF portfolio (in relation to the amortized cost of the of that portfolio). The balance available for withdrawal is based on the accounting records maintained by LAIF. LAIF is not categorized under the fair value hierarchy established by GAAP as it is held at an amortized cost basis and it is Not Rated under the current credit risk ratings format. For financial reporting purposes, the District considers LAIF a cash equivalent due to its highly liquid nature and dollar-in dollar-out amortized cost methodology. As of June 30, 2021, the District held \$1,570,235 in LAIF.

Notes to Financial Statements June 30, 2021

NOTE 3 - CAPITAL ASSETS

Changes in capital assets for the year ended June 30, 2021, were as follows:

	Balance July 1, 2020		Additions/ Transfers		eletions/ Transfers	Balance June 30, 2021

NOTE 6 - CAPITAL LEASE PAYABLE

Changes in capital lease payable amounts for the year ended June 30, 2021, were as follows:

Balance						F	Balance	C	urrent	Lo	ng-term
July 1, 2	020	A	dditions	D	eletions	June	e 30, 2021	Portion		Portion	
\$		\$	190,000	\$	(18,821)	\$	171,179	\$	37,059	\$	134,120

On November 24, 2020, the District entered into a tax-exempt lease purchase agreement with U.S. Bancorp Government Leasing and Finance, Inc. for three Police Vehicles and related equipment in the amount of \$190,000. The lease term is five years with an interest rate of 1.75%. Principal and interest payments are due monthly in the amount of \$3,309.54, with the final payment due in December 2025.

Notes to Financial Statements June 30, 2021

NOTE 6 - CAPITAL LEASE PAYABLE (continued)

Future remaining payments are as follows:

Fiscal Year	Principal		In	Interest		Total		
2022	\$	37,059	\$	2,656	\$	39,715		
2023		37,713		2,002		39,715

NOTE 7 - PENSION OBLIGATION BONDS

Changes in pension obligation bonds amounts for the year ended June 30, 2021, were as follows:

Balance			Balance		Long-term	
July 1, 2020	Additions	Deletions	June 30, 2021	<u>Portion</u>	Portion	
\$ 4,544,000	\$	\$ (170,000)	\$ 4,374,000	\$ 130,000	\$ 4,244,000	

On June 18, 2020, the District issued 2020 Taxable Pension Obligation Bonds in the amount of \$4,544,000. The 2020 bonds were placed with Capital One Public Funding, LLC. The bonds were issued to (a) finance \$4,424,408 of the District's unfunded accrued liability to the California Public Employees' Retirement System (CalPERS) for the benefit of the District's employees and to pay a portion of current normal costs, and (b) pay \$119,592 of the costs incurred in connection with the issuance of the bonds. The bonds bear interest at 3.850% and are payable semiannually on January 1 and July 1 of each year, commencing January 1, 2021 until maturity or earlier redemption. The bonds mature in fiscal year 2040. Total principal and interest remaining on the bonds as of June 30, 2021 is \$6,265,970.

Notes to Financial Statements June 30, 2021

NOTE 7 - PENSION OBLIGATION BONDS (continued)

Future remaining payments are as follows:

Fiscal Year	Principal		Interest		Total		
2022	\$	130,000	\$	168,399	\$	298,399

Current		(130,000)					
Long-term	\$	4,244,000					

Bond Provisions

The obligations of the District under the bonds, including the obligation to make all payments of interest and principal when due, are obligations of the District imposed by law and are absolute and unconditional, without any right of set-off or counterclaim. The bonds do not constitute an obligation of the District for which the District is obligated to levy or pledge any form of taxation. Neither the bonds nor the obligations of the District to make payments on the bonds constitute an indebtedness of the District, the State of California, or any of its political subdivisions in contravention of any constitutional or statutory debt limitation or restriction. For the purpose of paying the principal of and interest on the bonds, the District's council has covenanted under the trust agreement, to take such actions annually as are necessary or appropriate to cause the debt service on the bonds due in any fiscal year to be included in the budget for such fiscal year and to make the necessary appropriations therefor from any legally available funds to ensure that sufficient sums are available to pay the annual principal of and interest on the bonds as the same become due.

NOTE 8 - SPECIAL ASSESSMENT DEBT

Changes to the special assessment debt balance for the year ended June 30, 2021, was as follows:

Balance			Balance
July 1, 2020	Additions	Deletions	June 30, 2021
150,647	_	(150,647)	

Kensington Park Reassessment District 2004-1 Refunding Bonds

The original 1994 Limited Obligation Improvement Bonds were issued pursuant to the provisions of the Improvement Bond Act of 1915 to finance costs of acquisition of land to be used as a park and installation of certain recreational improvements.

Notes to Financial Statements June 30, 2021

NOTE 8 - SPECIAL ASSESSMENT DEBT (continued)

Kensington Park Reassessment District 2004-1 Refunding Bonds (continued)

The bonds are limited obligations of the District and are equally and ratably secured by unpaid assessments on certain parcels of property located within the Kensington Park Assessment District. The Kensington Park Assessment District was created by the District pursuant to the Landscaping and Lighting Act of 1972 specifically to finance the park landscaping and lighting project. The unpaid assessments represent fixed liens on each assessed parcel. Annual installments of the unpaid assessments together with interest thereon, sufficient to meet the scheduled debt service, are included in the tax bills for the assessed properties and the receipts are deposited into a redemption fund used to pay interest and principal on the bonds as they come due. The District is in no way liable for the repayment of the improvement bonds. The District is only acting as an agent for the property owners in collecting the assessments, forwarding the collections to bondholders, and initiating foreclosure proceedings.

On June 17, 2004, the District issued \$1,868,600 of 2004 Limited Obligation Improvement Bonds for the purpose of refunding the \$2,050,000 of outstanding 1994 Limited Obligation Improvement Bonds. The refunding took advantage of lower interest rates which were available and resulted in reductions in debt service requirements over the life of the new debt. The net proceeds of \$1,868,600 from these bonds were transferred to a trustee and placed in an irrevocable trust to redeem the 1994 Limited Obligation Improvement Bonds. These funds were invested in U.S. government securities to provide for the redemption price and interest through the call date. The 2004 bond bears annual interest at a fixed rate of 4.25%. The bond was issued as a fully registered note in a single denomination of \$1,868,600. Interest on the bond becomes payable commencing March 2, 2005, and semiannually thereafter on each September 2 and March 2 until maturity. The bond maturity date is September 2, 2020. On September 2, 2020, the special assessment debt was paid-in-full.

NOTE 9 - OTHER POSTEMPLOYMENT BENEFITS (OPEB)

Summary

The following balances on the balance sheet will be addressed in this footnote as follows:

Description	2021			
OPEB related deferred outflows	\$	420,721		
Net other post-employment benefits obligation		579,377		
OPEB related deferred inflows		507,406		

A. General Information about the OPEB Plan

Plan description

The District provides lifetime retiree medical coverage to eligible police (safety) employees who retire at age 50, along with their dependents. The medical plan benefits are contracted with the California Public Employees' Retirement System under the Public Employees' Medical and Hospital Care Act (PEMHCA).

Eligible retirees may enroll in any of the plans available through the CalPERS Program. The District contributes the entire cost of post-employment medical coverage up to a cap of the Kaiser Bay Area rates for the coverage selected. Also, the District contributes the entire cost of post-employment dental and vision premiums for retirees.

Notes to Financial Statements June 30, 2021

NOTE 9 - OTHER POSTEMPLOYMENT BENEFITS (OPEB) (continued)

A. General Information about the OPEB Plan (Continued)

Plan Members

	2020
Inactive plan members or beneficiaries currently receiving benefit payments	15
Inactive plan members entitled to but not yet receiving benefit payments	-
Active plan members	7
Total	22

Funding Policy

The contribution requirements of plan members and the District are established and may be amended by the District and/or the District's Board of Directors. Currently, contributions are not required from plan members. The District has been typically funding this OPEB plan on a pay-as-you-go basis; however, recently contributions have been made to an OPEB Trust.

Contributions

Benefit provisions and contribution requirements are established and may be amended through agreements and memorandums of understanding between the District and its employees. The plan does not require employee contributions. Administrative costs of this plan are financed by the District. For fiscal year ended June 30, 2020, the measurement period, the District's contributions totaling \$460,959 included \$247,036 placed in its CalPERS CERBT OPEB Trust, \$174,115 in current year premium payments, and an implied subsidy of \$39,808.

Accounting for the Plan

The other post-employment benefit trust is prepared using the accrual basis of accounting. Employer contributions to the plan are recognized when due and the employer has made a formal commitment to provide contributions. Benefits are recognized when due and payable in accordance with the terms of each plan.

Method Used to Value Investments

Investments are reported in the accompanying financial statements at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measure date. Securities for which market quotations are not readily available are valued at their fair value as determined by the custodian with the assistance of a valuation service.

2222

Notes to Financial Statements June 30, 2021

NOTE 9 - OTHER POSTEMPLOYMENT BENEFITS (OPEB) (continued)

B. Net OPEB Liability

The District's total OPEB liability was measured as of June 30, 2020 and was determined by an actuarial valuation as of June 30, 2019. A summary of the principal assumptions and methods used to determine the total OPEB liability is shown below.

Actuarial Assumptions

The total OPEB liability in the June 30, 2020 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Valuation Date	June 30, 2019
Measurement Date	June 30, 2020
Actuarial Cost Method	Entry age normal, level percentage of payroll
Asset Valuation Method	Market value of assets as of the measurement date
Actuarial Assumptions:	
Discount Rate	
Long-Term Expected	
Rate of Return on Investments	7.28%
Inflation	2.01%
Payroll increases	2.75%
Healthcare Trend Rates	Pre-65 - 6.85% trending down to 5.0% by 2027
	Post-65 - 5.0% constant to 2027
Morbidity	CalPERS 2017 Study
Mortality	CalPERS 2017 Study
Disability	Valued
Retirement	2017 CalPERS Police 3%@50 for actives hired before
	1/1/13 and 2.7%@57 for actives hired after 1/1/13.
Percent Married	100% of future retirees would enroll a spouse

The long-term expected rate of return on OPEB plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of OPEB plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of the arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Long-term Expected Real Rate of Return
CERBT Strategy 1 investment policy:		
Equity	60.00%	5.49%
Fixed income	32.00%	1.65%
REITs	8.00%	5.06%
Cash	0.00%	
Total	100.00%	=

Notes to Financial Statements June 30, 2021

NOTE 9 - OTHER POSTEMPLOYMENT BENEFITS (OPEB) (continued)

B. Net OPEB Liability (continued)

Discount Rate

The discount rate used to measure the total OPEB liability was 7.28%. The projection of cash flows used to determine the discount rate assumed that the District's contributions will be made at rates equal to the actuarially determined contribution rates. Based on those assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected OPEB payments for current active and inactive employees and beneficiaries. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

C. Changes in the Net OPEB Liability

The changes in the total OPEB liability are as follows:

	Increase (Decrease)					
		Total Plan Fiduciary Net			Net	
	OP	EB Liability	ity Net Position		OP	EB Liability
Balance at July 1, 2020 (Measurement date July 1, 2019)	\$	3,872,141	\$	1,500,776	\$	2,371,365
Changes for the year:

Changes in benefit terms		(1,204,143)		-		(1,204,143)
Employer contributions		-		343,527		(343,527)
Net investment income		-		54,053		(54,053)
Benefit payments		(192,057)		(192,057)		-
Administrative expenses		-		(733)		733
Net changes		(1,587,198)		204,790		(1,791,988)
Balance at June 30, 2021 (Measurement date June 30, 2020)	\$	2,284,943	\$	1,705,566	\$	579,377

Changes of Assumptions

In fiscal year 2019-20, the measurement period there were no changes to the actuarial assumptions.

Change of Benefit Terms

In fiscal year 2019-20, the measurement period, there were the following changes to the benefit terms:

The plan was amended effective October 31, 2019 to cap employer share of costs at 90% of 2020 Kaiser Bay Area rates for every coverage level and Medicare eligibility status for employees hired prior to December 12, 2019. In addition, there is a mandatory \$125 minimum monthly contribution per retiree. Future employees whose date of hire is on or after December 12, 2019 will receive the PEMHCA minimum only.

Subsequent Events

There were no subsequent events that would materially affect the results presented in this disclosure.

Notes to Financial Statements June 30, 2021

NOTE 9 - OTHER POSTEMPLOYMENT BENEFITS (OPEB) (continued)

C. Changes in the Net OPEB Liability

Sensitivity of the Total OPEB Liability to Changes in the Discount Rate

The following presents the total OPEB liability of the District, as well as what the District's total OPEB liability would be if it were calculated using a discount rate that is 1-percentage point lower (6.28%) or 1 percentage point higher (8.28%) than the current discount rate:

	 Decrease 5.28%	Discount Rate 7.28%		1% Increase 8.28%	
Net OPEB Liability	\$ 810,572	\$	579,377	\$	384,887

Sensitivity of the Total OPEB Liability to Changes in Medical Trend Rates

The following presents the total OPEB liability of the District, as well as what the District's total OPEB liability would be if it were calculated using medical trend rates that are 1-percentage point lower:

	Healthcare Cost						
		5.85%	6.85%			7.85%	
Net OPEB Liability	\$	462,865	\$	579,377	\$	730,685	

D. OPEB Expense and Deferred Outflows/Inflows of Resources Related to OPEB

For the year ended June 30, 2021, the District recognized OPEB expense of (\$1,306,779). At June 30, 2021, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows Deferred Inflow			rred Inflows
Account Description	of F	Resources	of	Resources
OPEB contributions made after the measurement date	\$	367,399	\$	-
Changes in assumptions		-		(256,222)
Differences between expected and actual experience		-		(251,184)
Differences between projected and actual earnings on OPEB plan investments		53,322		
Total Deferred Outflows/(Inflows) of Resources	\$	420,721	\$	(507,406)

The differences between projected and actual earnings on plan investments is amortized over five years. The District reported \$367,399 as deferred outflows of resources related to contributions subsequent to the measurement date will be recognized as a reduction of the total OPEB liability in the year ending June 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized as OPEB expense as follows:

Amortization Period Fiscal Year Ended June 30	Outflows/(Inflows of Resources
2022	\$ (294,309)
2023	(170,470)
2024	(1,422)
2025	12,117
Total	\$ (454,084)

Notes to Financial Statements June 30, 2021

NOTE 10 - NET PENSION LIABILITY AND PENSION PLAN

Summary

The following balances on the balance sheet will be addressed in this footnote as follows:

Description	 2021
Net pension asset	\$ 16,983
Pension related deferred outflows	3,160,415
Pension related deferred inflows	2,944,479

Qualified employees are covered under a multiple-employer defined benefit pension plan maintained by agencies of the State of California known as the California Public Employees' Retirement System (CalPERS), or "The Plan".

A. General Information about the Pension Plan

The Plan

The District has engaged with CalPERS to administer the following pension plans for its employees (members):

	Safety Plans			
	Classic	PEPRA		
	Tier 1	Tier 2		
Him data	Prior to	On or after		
Hire date	January 1, 2013	January 1, 2013		
Benefit formula	3.0% @ 50	2.7% @ 57		
Benefit vesting schedule	5-years of service	5-years of service		
Benefits payments	monthly for life	monthly for life		
Retirement age	50 - 55 & Up	50 - 57 & Up		
Monthly benefits, as a % of eligible compensation	3.00%	2.0% to 2.7%		
Required member contribution rates	9.000%	12.000%		
Required employer contribution rates – FY 2020	21.927%	13.034%		

Plan Description

The District contributes to the California Public Employees' Retirement System (CalPERS), a cost-sharing multiple-employer defined benefit pension plan. CalPERS acts as a common investment and administrative agent for participating public entities within the State of California. A full description of the pension plan, benefit provisions, assumptions (for funding, but not accounting purposes), and membership information are listed in the June 30, 2020 Annual Actuarial Valuation Report. This report and CalPERS' audited financial statements are publicly available reports that can be obtained at CalPERS' website under Forms and Publications.

Notes to Financial Statements June 30, 2021

NOTE 10 - NET PENSION LIABILITY AND PENSION PLAN (continued)

A. General Information about the Pension Plan (continued)

Plan Description (continued)

At June 30, 2020, the following members were covered by the benefit terms:

	Safety		
	Classic	PEPRA	
Plan Members	Tier 1	Tier 2	Total
Active members	4	3	7
Transferred and terminated members	11	1	12
Retired members and beneficiaries	30	<u>-</u>	30
Total plan members	45	4	49

All qualified permanent and probationary employees are eligible to participate in the District's cost-sharing multiple-employer defined benefit pension plans administered by the California Public Employees' Retirement System (CalPERS). Benefit provisions under the Plans are established by state statute and District resolution. CalPERS issues publicly available reports that include a full description of the pension plans regarding benefit provisions, assumptions, and membership information that can be found on the CalPERS website.

Benefits Provided

CalPERS provides service retirement and disability benefits, annual cost of living adjustments, and death benefits to Plan members, who must be public employees and beneficiaries. Benefits are based on years of credited service, equal to one year of full-time employment. Members with five years of total service are eligible to retire at age 50 with statutorily reduced benefits. All members are eligible for nonindustrial disability benefits after five years of service. The death benefit is one of the following the Basic Death Benefit, the 1957 Survivor Benefit, or the Optional Settlement 2W Death Benefit. The cost-of-living adjustments for each Plan are applied as specified by the Public Employees' Retirement Law.

Contributions

Section 20814(c) of the California Public Employees' Retirement Law requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. Funding contributions for both Plans are determined annually on an actuarial basis as of June 30 by CalPERS. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The District is required to contribute the difference between the actuarially determined rate and the contribution rate of employees.

Contributions for the year ended June 30, 2021, (Measurement Date June 30, 2020) were as follows:

	Safety Plans				
		Classic		PEPRA	
Contribution Type		Tier 1		Tier 2	 Total
Contributions – employer	\$	114,481	\$	65,040	\$ 179,521
Contributions – members		43,521		62,913	 106,434
Total contributions	\$	158,002	\$	127,953	\$ 285,955

Notes to Financial Statements June 30, 2021

NOTE 10 - NET PENSION LIABILITY AND PENSION PLAN (continued)

A. General Information about the Pension Plan (continued)

Proportionate Share of Net Pension Liability and Pension Expense

The District's net pension liability for each Plan is measured as the proportionate share of the net pension liability. The net pension liability of each of the Plans is measured as of June 30, 2020, and the total pension liability for each Plan used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2019, rolled forward to June 30, 2020, using standard update procedures. The District's proportionate share of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plans relative to the projected contributions of all participating employers, actuarially determined.

The following table shows the District's proportionate share of the risk pool collective net pension liability over the measurement period for the Plan for the fiscal year ended June 30, 2020 (Measurement Date):

Plan Type and Balance Descriptions	Plan Total Pension Liability	Plan Fiduciary ity Net Position		Change in Plan None Pension Liability	
CalPERS - Safety Plan:					
Balance as of June 30, 2019 (Measurement Date)	\$ 15,277,324	\$	11,141,983	\$	4,135,341
Balance as of June 30, 2020 (Measurement Date)	\$ 15,608,014	\$	15,624,997	\$	(16,983)
Change in Plan Net Pension Liability	\$ 330,690	\$	4,483,014	\$	(4,152,324)

The District's proportionate share percentage of the net pension liability for the June 30, 2020, measurement date was as follows:

	Percentage Sl		
	Fiscal Year Fiscal Year		Change
	Ending June 30, 2021	Ending June 30, 2020	Increase/ (Decrease)
Measurement Date	June 30, 2020	June 30, 2019	
Percentage of Risk Pool Net Pension Liability	-0.000255%	0.066245%	-0.066500%
Percentage of Plan (PERF C) Net Pension Liability	-0.000156%	0.040356%	-0.040512%

Notes to Financial Statements June 30, 2021

NOTE 10 - NET PENSION LIABILITY AND PENSION PLAN (continued)

B. Pension Liabilities, Pension Expenses, and Deferred Outflows/Inflows of Resources Related to Pensions (continued)

For the year ended June 30, 2021, the District recognized pension expense of \$73,642. At June 30, 2021, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Account Description		Deferred Outflows of Resources		Deferred Inflows of Resources				
Pension contributions made after the measurement date	\$	\$ 179,521		\$ 179,521		\$ 179,521		-
Difference between actual and proportionate share of employer contributions		2,945,983		(105,963)				
Adjustment due to differences in proportions		36,228		(2,838,204)				
Differences between expected and actual experience		(1,317)		-				
Differences between projected and actual earnings on pension plan investments		-		(369)				
Changes in assumptions		-		57				
Total Deferred Outflows/(Inflows) of Resources	s <u>\$</u>	3,160,415	\$	(2,944,479)				

The deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the subsequent fiscal year. The deferred outflows/(inflows) of resources related to the difference between projected and actual earnings on pension plan investments will be amortized over a closed five-year period. The deferred outflows/(inflows) of resources related to the net change in proportionate share of net pension liability, changes of assumptions, and differences between expected and actual experience in the measurement of the total pension liability will be amortized over the Expected Average Remaining Service Life (EARSL) of all members that are provided benefits (active, inactive, and retirees) as of the beginning of the measurement period. The EARSL for the measurement period is 3.8 years.

An amount of \$179,521 reported as deferred outflows of resources related to contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized as a reduction to pension expense as follows:

Amortization Period Fiscal Year Ended June 30	Outflo	eferred ws/(Inflows) tesources
2022	\$	(12,423)
2023		18,657
2024		30,365
2025	-	(184)
Total	\$	36,415

Notes to Financial Statements June 30, 2021

NOTE 10 - NET PENSION LIABILITY AND DEFINED BENEFIT PENSION PLAN (continued)

B. Pension Liabilities, Pension Expenses, and Deferred Outflows/Inflows of Resources Related to Pensions (continued)

Actuarial Methods and Assumptions Used to Determine Total Pension Liability

For the measurement period ending June 30, 2020 (the measurement date), the total pension liability was determined by rolling forward the June 30, 2019, total pension liability. The June 30, 2020, total pension liability was based on the following actuarial methods and assumptions:

Actuarial Cost Method	Entry Age Normal in accordance with the requirement of GASB Statement No. 68					
Actuarial Assumptions:						
Discount Rate	7.15%					
Inflation	2.50%					
Salary Increases	Varies by Entry Age and Service					
Investment Rate of Return	7.00% Net of Pension Plan Investment and Administrative Expenses; includes Inflation					
Mortality Rate Table	Derived using CalPERS' Membership Data for all Funds. The mortality table used was developed based on CalPERS' specific data. The table includes 20 years of mortality improvements using Society of Actuaries Scale BB.					
Post Retirement Benefit Increase	Contract COLA up to 2.50% until Purchasing Power Protection Allowance Floor on Purchasing Power applies, 2.50% thereafter					

Long-term Expected Rate of Return

The long-term expected rate of return on pension plan investments was determined using a building-block method in which expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

In determining the long-term expected rate of return, CalPERS took into account both short-term and long-term market return expectations as well as the expected pension fund cash flows. Using historical returns of all the funds' asset classes, expected compound (geometric) returns were calculated over the short-term (first 10 years) and the long-term (11+ years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the rounded single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equal to the single equivalent rate calculated above and adjusted to account for assumed administrative expenses. The table below reflects long-term expected real rate of return by asset class.

Investment Type	New Strategic Allocation	Real Return Years 1 - 10 ¹	Real Return Years 11+ ²
Global Equity	50.0%	4.80%	5.98%
Fixed Income	28.0%	1.00%	2.62%
Inflation Assets	0.0%	0.77%	1.81%
Private Equity	8.0%	6.30%	7.23%
Real Estate	13.0%	3.75%	4.93%
Liquidity	1.0%	0.00%	-0.92%
	100.0%		

¹ An expected inflation rate-of-return of 2.5% is used for years 1-10.

² An expected inflation rate-of-return of 2.9% is used for years 11+.

Notes to Financial Statements June 30, 2021

NOTE 10 - NET PENSION LIABILITY AND DEFINED BENEFIT PENSION PLAN (continued)

B. Pension Liabilities, Pension Expenses, and Deferred Outflows/Inflows of Resources Related to Pensions (continued)

Discount Rate

The discount rate used to measure the total pension liability was 7.15%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on those assumptions, the Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Subsequent Events

There were no subsequent events that would materially affect the results in this disclosure.

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the net pension liability/(asset) of the Plan as of the measurement date, calculated using the discount rate of 7.15%, as well as what the net pension liability would be if it were calculated using a discount rate that is 1 percentage-point lower (6.15%) or 1 percentage-point higher (8.15%) than the current rate:

	Plan's Net Pension Liability/(Asset)							
Discount Rate - 1% Current Discount Discount Rate + 1%								
	6.15%	R	late 7.15%		8.15%			
	2,102,644	\$	(16,983)	\$	(1,756,336)			

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued CalPERS financial report and can be obtained from CalPERS' website under Forms and Publications.

C. Payable to the Pension Plans

At June 30, 2021, the District reported no payables for outstanding contributions to the CalPERS pension plan required for the year ended June 30, 2021.

Notes to Financial Statements June 30, 2021

NOTE 11 - NET INVESTMENT IN CAPITAL ASSETS

At June 30, 2021, the net investment in capital assets was calculated as follows:

Description	Balance			
Net investment in capital assets:				
Capital assets – not being depreciated	\$ 2,808,347			
Capital assets, net – being depreciated	2,818,560			
Loan payable – current portion	(22,644)			
Loan payable – non-current portion	(184,524)			
Capital lease payable – current portion	(37,059)			
Capital lease payable – non-current portion	 (134,120)			
Total	\$ 5,248,560			

NOTE 12 - UNRESTRICTED NET POSITION (DEFICIT)

As of June 30, 2021, the District had an unrestricted net position deficit of (\$2,671,488).

The unrestricted net position deficit resulted from the reporting of the District's pension obligation bonds and the related deferred inflows of resources per GASB No. 68. At June 30, 2021, the District's pension obligation bonds amounted to \$4,374,000 and the related deferred inflows of resources related to the pension amounted to \$2,944,479, which totals \$7,318,479. As well as reporting of the District's net OPEB lability and the related deferred inflows of resources – deferred amounts related to net OPEB liability per GASB No. 75. At June 30, 2021, the District's net OPEB liability amounted to \$579,377 and the related deferred inflows of resources related to net OPEB liability amounted to \$507,406, which totals \$1,086,783. These combined related liabilities of \$8,405,262 have resulted in the District's unrestricted net position deficit.

The District will continue to make its actuarial determined pension and OPEB contributions as well as its healthcare administrative costs towards its pension and OPEB plans and annually review its outstanding net pension liability and net OPEB obligation funding requirements for future periods to reduce the District's deficit position.

NOTE 13 - FUND BALANCES

At June 30, 2021, fund balances of the District's governmental funds were classified as follows:

Description	General Fund	
Nonspendable:		
Prepaid items	\$	144,526
Assigned:		
Compensated absences		95,793
Unassigned		1,991,129
Total fund balances	\$	2,231,448

Notes to Financial Statements June 30, 2021

NOTE 14 - RISK MANAGEMENT

The District is exposed to various risks of loss related to torts, theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District is a member of the Special District Risk Management Authority (SDRMA), an intergovernmental risk sharing joint powers authority created to provide self-insurance programs for California special districts. The purpose of the SDRMA is to arrange and administer programs of self-insured losses and to purchase excess insurance coverage.

A.	Entity	SDRMA					
В.	Purpose	To pool member contributions and realize the advantages of self-insurance					
C.	Participants	As of June 30, 2020 – 505 member :	agencies				
D.	Governing board	Seven representatives employed by	members				
E.	District payments for FY 2021: Property/Liability policy Workers' compensation policy	\$53,330 \$52,385					
F.	Condensed financial information	June 30, 2020					
	Statement of net position: Total assets Deferred outflows Total liabilities Deferred inflows		June 30, 2020 \$ 130,676,871 595,599 70,083,643 246,193				
	Net position		\$ 60,942,634				
	Statement of revenues, expenses and Total revenues Total expenses Change in net position	l changes in net position:	\$ 82,459,850 (77,881,779) 4,578,071				
	Beginning – net position Ending – net position		56,364,563 \$ 60,942,634				
G.	Member agencies share of year-end f	inancial position	Not Calculated				

At June 30, 2021, the District participated in the liability and property programs of the SDRMA as follows:

• General and auto liability, public officials and employees' errors and omissions: Total risk financing self-insurance limits of \$2,500,000, combined single limit at \$2,500,000 per occurrence. The District purchased additional excess coverage layers: \$10,000,000 for general, auto and public official's liability, which increases the limits on the insurance coverage noted above.

Notes to Financial Statements June 30, 2021

NOTE 14 - RISK MANAGEMENT (Continued)

In addition to the above, the District also has the following insurance coverage:

- Employee dishonesty coverage up to \$400,000 per loss includes public employee dishonesty, forgery or alteration and theft, disappearance and destruction coverage.
- Property loss is paid at the replacement cost for property on file, if replaced within three years after the loss, otherwise paid on an actual cash value basis, to a combined total of \$1.0 billion per occurrence, subject to a \$2,000 deductible per occurrence.
- Boiler and machinery coverage for the replacement cost up to \$100 million per occurrence, subject to a \$1,000 deductible per occurrence.
- Public official's personal liability up to \$500,000 each occurrence, with an annual aggregate of \$500,000 per each elected/appointed official to which this coverage applies, subject to the terms, with a deductible of \$500 per claim.

The District maintains workers' compensation coverage and employer's liability coverage in accordance with the statutory requirements of the State of California.

Settled claims have not exceeded any of the coverage amounts in any of the last three fiscal years. There were no reductions in insurance coverage in fiscal year 2021, 2020, and 2019. Liabilities are recorded when it is probable that a loss has been incurred and the amount of the loss can be reasonably estimated net of the respective insurance coverage. Liabilities include an amount for claims that have been incurred but not reported (IBNR). There were no IBNR claims payable as of June 30, 2021, 2020, and 2019.

NOTE 15 - COMMITMENTS AND CONTINGENCIES

Grant Awards

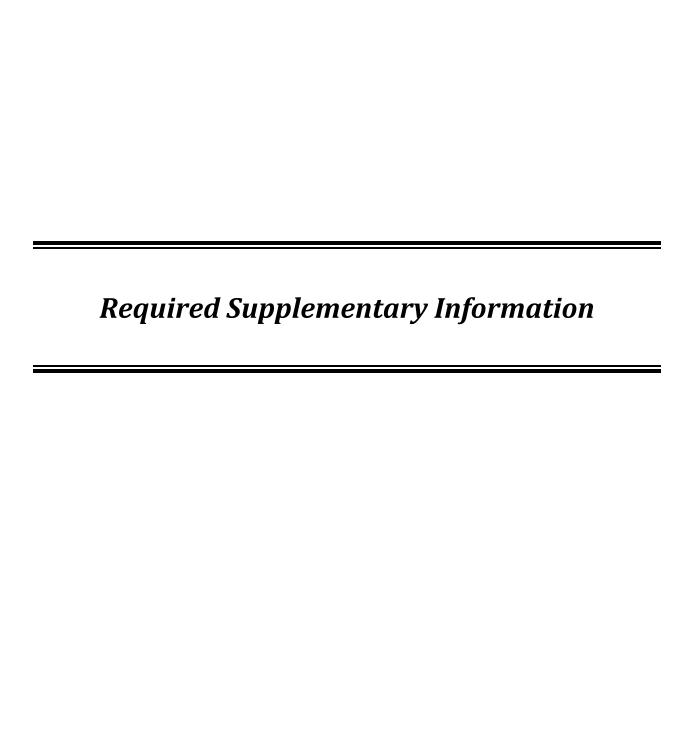

Grant funds received by the District are subject to audit by the grantor agencies. Such audit could lead to requests for reimbursements to the grantor agencies for expenditures disallowed under terms of the grant. Management of the District believes that such disallowances, if any, would not be significant.

Litigation

In the ordinary course of operations, the District is subject to claims and litigation from outside parties. After consultation with legal counsel, the District believes the ultimate outcome of such matters, if any, will not materially affect its financial condition.

NOTE 16 - CURRENT AND SUBSEQUENT EVENTS

The District has evaluated subsequent events through May 31, 2022, the date which the financial statements were available to be issued.

Notes to Schedule:

Benefit Changes:

There were no changes in benefits.

Changes in Assumptions:

From fiscal year June 30, 2015 and June 30, 2016:

GASB 68, paragraph 68 states that the long-term expected rate of return should be determined net of pension plan investment expense but without reduction for pension plan administrative expense. The discount rate of 7.50% used for the June 30, 2014, measurement date was net of administrative expenses. The discount rate of 7.65% used for the June 30, 2015, measurement date is without reduction of pension plan administrative expense.

From fiscal year June 30, 2016 to June 30, 2017:

There were no changes in assumptions.

From fiscal year June 30, 2017 to June 30, 2018:

The discount rate was reduced from 7.65% to 7.15%.

From fiscal year June 30, 2018 to June 30, 2019:

There were no significant changes in assumptions.

From fiscal year June 30, 2019 to June 30, 2020:

There were no significant changes in assumptions.

From fiscal year June 30, 2020 to June 30, 2021:

There were no significant changes in assumptions.

^{*}Fiscal year 2014 was the first measurement date year of implementation; therefore, only seven years are shown.

Notes to Schedule:

Benefit Changes:

Measurement Date June 30, 2017 – There were no changes in benefits Measurement Date June 30, 2018 – There were no changes in benefits Measurement Date June 30, 2019 – There were no changes in benefits Measurement Date June 30, 2020 – There were no changes in benefits

Changes in Assumptions:

Measurement Date June 30, 2017 – There were no changes in assumptions

Measurement Date June 30, 2018 – All eligible employees will be required to contribute at least \$125 monthly, regardless of the level of coverage selected. The \$125 monthly amount is assumed not to increase in future years.

Measurement Date June 30, 2019 – There were no changes in assumptions

Measurement Date June 30, 2020– All employees hired prior to December 12, 2019 will have the employer share of costs capped at 90% of the 2020 Kaiser Bay Area rates for every coverage level and Medicare eligibility status. In addition, there is a mandatory \$125 minimum monthly contribution per retiree. Employees hired on or after December 12, 2019 will receive the PEMHCA minimum only.

^{*} Fiscal year 2018 was the first year of implementation; therefore, only four years are shown.

Notes to the Required Supplementary Information For the Fiscal Year Ended June 30, 2021

NOTE 1 - PURPOSE OF SCHEDULES

Budgetary Comparison Schedules

The District follows specific procedures in establishing the budgetary data reflected in the financial statements. Each year the District prepares and submits an operating budget to the Board of Directors no later than June of each year. The basis used to prepare the budget does not differ substantially from the modified accrual basis of accounting. The adopted budget becomes operative on July 1. The Board of Directors must approve all supplemental appropriations to the budget and transfers between major accounts.

Schedule of Proportionate Share of the Net Pension Liability

This schedule is required by GASB Statement No. 68 and is required for all employers in a cost-sharing pension plan. The schedule reports the following information:

- The proportion (percentage) of the collective net pension liability (similar to the note disclosure)
- The proportionate share (amount) of the collective net pension liability
- The employer's covered-employee payroll
- The proportionate share (amount) of the collective net pension liability as a percentage of the employer's covered-employee payroll
- The pension plan's fiduciary net position as a percentage of the total pension liability

Schedule of Pension Contributions

This schedule is required by GASB Statement No. 68 and is required for all employers in a cost-sharing pension plan. The schedule reports the following information:

• If an employer's contributions to the plan are actuarially determined or based on statutory or contractual requirements: the employer's actuarially determined contribution to the pension plan (or, if applicable, its statutorily or contractually required contribution), the employer's actual contributions, the difference between the actual and actuarially determined contributions (or statutorily or contractually required), and a ratio of the actual contributions divided by covered-employee payroll.

Schedule of Changes in the District's Net OPEB Liability and Related Ratios

This schedule is required by GASB Statement No. 75 and is required for all employers in a cost-sharing OPEB plan. The schedule reports the following information:

- The employer's proportion (percentage) of the collective net OPEB liability
- The employer's proportionate share (amount) of the collective net OPEB liability
- The employer's covered-employee payroll
- The employer's proportionate share (amount) of the collective net OPEB liability as a percentage of the employer's covered-employee payroll
- The OPEB plan's fiduciary net position as a percentage of the total OPEB liability.

Schedule of Contributions - Other Post-Employment Benefits (OPEB) Plan

This schedule is required by GASB Statement No. 75 and is required for all employers in an OPEB plan. The schedule reports the following information:

• If an employer's contributions to the plan are actuarially determined or based on statutory or contractual requirements: the employer's actuarially determined contribution to the OPEB plan (or, if applicable, its statutorily or contractually required contribution), the employer's actual contributions, the difference between the actual and actuarially determined contributions (or statutorily or contractually required), and a ratio of the actual contributions divided by covered-employee payroll.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Directors Kensington Police Protection and Community Services District Kensington, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and the general fund of Kensington Police Protection and Community Services District (District) as of and for the fiscal year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated May 31, 2022.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
